22.11.2022

Konu : ICS Sera Gazı Emisyonu Azaltımı Yayını Hk.

Sirküler No: 848

Sayın Üyemiz,

Uluslararası Deniz Ticaret Odası'ndan (International Chamber of Shipping–ICS) alınan 18.11.2022 tarihli Ek'te sunulan yazıda, Sera Gazı Emisyonu Azaltımı (Reducing Greenhouse Gas Emissions) isimli yayının ilk baskısının yayımlandığı bildirilmektedir.

Bahse konu yayının, deniz taşımacılığının IMO tarafından açıklanan 2030 yılı CO2 azaltım hedeflerine ulaşması için teknik ve operasyonel düzenlemeler kapsamında dekarbonizasyon tedbirlerinin başlangıcında IMO Düzenleyici Çerçevesine ve özellikle MARPOL Ek VI'daki 2021 değişikliklerine uyum içinde hazırlanmasına rehberlik edeceği belirtilmektedir.

Sera Gazı Emisyonu Azaltımı yayınında gemi sahipleri, işletmecileri ve yöneticileri için IMO Düzenleyici Çerçevesine kılavuz olarak, sade bir şekilde en önemli düzenleyici değişikliklerin ortaya çıktığı Temmuz 2022'de kabul edilmiş olan IMO Uygulama Kılavuzunu da dikkate alarak, sektörün uymak zorunda olduğu tüm ilave teknik ve operasyonel gereksinimler detaylı bir şekilde açıklanmaktadır.

Bahse konu yayına ICS Publications web sitesinden ulaşılabilen olup, kitabın 150 İngiliz Sterlini (£) olduğu ve üyelerimiz tarafından "ICSMEMBER" kodu ile %20 indirimle kitabın satın alınabileceği belirtilmektedir.

Bilgilerinize arz/rica ederim.

Saygılarımla,

*e-imza*İsmet SALİHOĞLU

MEMBER DISCOUNT AND PUBLICATION LAUNCH – REDUCING GREENHOUSE GAS EMISSIONS, FIRST EDITION

Action Required: To share news of the launch date and the 20% discount code for ICS Reducing Greenhouse Gas Emissions: A Guide to IMO Regulatory Compliance, with member shipping companies.

ICS will release a new guide – *Reducing Greenhouse Gas Emissions: A Guide to IMO Regulatory Compliance* on Tuesday 22 November. Shipping – as one of the world's largest transport sectors – will go through major technical and operational changes to achieve the CO2 reduction targets for 2030 agreed by the UN International Maritime Organization (IMO). This new publication from ICS guides readers through the first step on the route to decarbonisation: preparing for compliance with the IMO regulatory framework, and in particular, the 2021 amendments to MARPOL Annex VI.

Reducing Greenhouse Gas Emissions: A Guide to IMO Regulatory Compliance sets out plainly what the key regulatory changes are for shipowners, operators and managers. Taking account of the IMO implementation guidelines adopted in June 2022, it explains in detail the full range of additional technical and operational requirements which ships must now comply with.

All technical managers, superintendents and crew of vessels subject to the regulations, particularly MARPOL Annex VI, should read this guide. It will also be valuable to those involved in the design of new ships and modification of existing ships, including naval architects.

Member copies

Printed complimentary copies will be sent to members by post next week. The designated recipient in each member organisation has been contacted to check that we have the correct

contact and address details. Please contact me if you have not received your copies in the next three weeks, or if you would like to change the name of your designated recipient.

Member discount

Members – and their member shipping companies – are entitled to a 20% discount on the recommended retail price of £150 using the discount code **ICSMEMBER** at checkout.

The discount applies to the print and eBook formats, which will both be released on 22 November. Print copies can be ordered direct from the ICS Publications website (<https://publications.ics-shipping.org/>) and eBooks can be ordered through one of our eBook vendors (<https://publications.ics-shipping.org/ebooks.php>).

A discount flyer is included at Annex A for ease of sharing.

Publications toolkit

A publications media toolkit will be shared with Communications Leads. The toolkit includes pre-packaged promotional materials, including the member discount flyer, to help facilitate, enhance and streamline members' own promotions of the publication. The toolkit is included in Annex B for reference.

Thank you for your continuing support for ICS publications. Please contact me at emily.yates@ics-shipping.org for any further information.
